Stands for Sale

Views from various Blair Atholl Stands

Blair Atholl is located on 600 hectares with the magnificent Magalieberg mountain range as a back-drop, an elevation change of 100m, 6,5kms of Crocodile River frontage and 7,500 metres of Golf Course views - each one of our 329 Stands offer something spectacular and special. The average stand size is 3,700m² with extremely low density of approx 1 dwelling per 2 hectares.

Wonderful Developer stands to choose from, starting from R2,5 million. The stands at Blair Atholl only make up 20% of the total ground coverage of the property and what makes our residential offering unique is that no two stands share a common boundary. To receive a list of the available stands as well as a Site Map - please call Michelle Fagan or e-mail michelle@wrapex.com

A PRICELESS LIFESTYLE COSTS LESS THAN YOU MAY THINK!! Buying and building has never been so easy with the Developer selection of house-plans - a full turn-key building opportunity with the purchase of your stand is available.

Access to Blair Atholl is by appointment only and we would love to welcome you to a truly unparalleled living experience.

We invite you to contact the developer sales office or provide us with your details on the "Sales Enquiry" section and we will contact you.
